Why Should You Join?

All of us have a stake in our community. Our downtown is the 'Welcoming Sign' to our quaint, all-American small town. Visitors and residents make their initial and lasting impressions from this warm entry into our community. Businesses locate here because of the high quality of life. Visitors will stop here to spend their dollars if we present a vibrant downtown for their exploration.

A thriving community supports itself.

Small and large businesses, corporations, civic groups, churches, families and individuals thrive in a community with diverse amenities, educational opportunities, employment options and continued learning alternatives. Individuals, families and business are attracted to a thriving downtown. Local businesses support the local economy. Businesses of all sizes can take advantage of a high-quality, well-trained work force.

Better shopping in the community.

The more our residents buy locally, the more capital will stay here in the local economy. This allows businesses to expand and create an atmosphere of prosperity, attracting other small businesses.

More employment opportunities within the village limits. More businesses equal more jobs. More jobs equal a better place to live!
